NEX Solutions Ranks #38 in the Manufacturing Category on the 2010 Inc. 5000 List

Grand Rapids, Michigan

September 13, 2010

Inc. magazine ranks Nex Solutions # 38 in the manufacturing category, and #1,883 overall on its fourth annual Inc. 5000, an exclusive ranking of the nation's fastest-growing private companies. The list represents the most comprehensive look at the most important segment of the economy-America's independent-minded entrepreneurs. Music website Pandora, convenience store chain 7-Eleven, Brooklyn Brewery, and Radio Flyer, maker of the iconic children's red wagon, are among the prominent brands featured on this year's list.

"The leaders of the companies on this year's Inc. 5000 have figured out how to grow their businesses during the longest recession since the Great Depression," said Inc. president Bob LaPointe. "The 2010 Inc. 5000 showcases a particularly hardy group of entrepreneurs." Nex Solutions ranking is based upon a three year growth percentage of 144%. "Our goal is to become the premier steel fabrication, weld and powder coating facility in the mid-west" stated Kevin Grossman, General Manager at NEX Solutions. "Economic conditions have made growth difficult; we are thankful for the confidence and support our customers have shown us over the years. It is their willingness to depend on us that has fueled our growth."

The Inc. 5000 posted an aggregate revenue of \$321.6 billion in 2009, up more than 50 percent from the previous year. The top five industries by total revenue are Business Products & Services (\$84.7 billion), Health (\$48.3 billion), Consumer Products & Services (\$26.4 billion), Retail (\$22.3 billion), and Government Services (\$15.1 billion).
